San Diego, CA 92113

Company Name: _____

On behalf of the company, I acknowledge receipt of the Best Management Practices Continental Maritime of San Diego (CMSD) Safety and Environmental Policies and Guidelines, Safety Requirements for Non CMSD Employees, and Fire Prevention Plan contained within the CMSD Supplier Guidebook.

It is understood that compliance with these policies, guidelines, and requirements will be expected.

I also affirm that we maintain the following programs in accordance with applicable federal and state laws and statutes:

1. A fully documented and implemented Safety and Health Program.
2. A Safety and Hazard Communication Training Program as required by 29CFR1910.1200
3. Retain Material Safety Data Sheets on site for any product utilized.
4. A fully documented and implemented Confined and Enclosed Space Entry Program.
5. Maintain a Fire Safety Plan in accordance with 29 CFR 1915 Subpart P "Fire Prevention in Shipyard Employment."

Further, it is understood that upon the commencement of contract work, employees assigned to perform work under the contract will have completed safety training as required by OSHA and fully meet the qualifications to complete the assigned work. All necessary personal protective equipment (PPE) will have been provided to employees and they will have been trained in its proper use. Hazardous Material Safety Data Sheets will have been provided and employees will have been trained and made aware of the hazards associated with these materials likely to be encountered in the workplace.
